TOWN OF ACUSHNET

To the Board of Selectmen of the Town of Acushnet:

During the year 1932, I have made 154 inspections, three of which were made where cows were condemned unfit for food, and one where the owner was under Federal and State inspection. These inspections caused the owners to thoroughly clean and disinfect the barns.

I have also inspected 736 cattle, 152 young cattle, 2 oxen, 28 bulls, 59 sheep, 88 pigs, and 10 goats, making a total of 1075.

I quarantined one dog for two weeks for biting a boy.

Respectfully,

WALTER E. TRIPP,
Inspector of Animals.

REPORT OF THE BOARD OF HEALTH

To the Officers and Residents of the
Town of Acushnet:

The Board of Health submits the following report
for the year ending December 31, 1932:

Shortly after election last year the Board was very
unfortunate in losing one of its oldest members, Mr.
Fred E. Wellington.

After his death Mr. Alexander Newton was ap-
pointed to fill the vacancy and the Board of Health or-
ganized as follows:

Chairman—Joel P. Bradford, M. D.

Secretary—Alexander Newton.

Inspector of Licenses and Agent—Charles Dietz.

Allen E. Weeks was again appointed Inspector of
Slaughtering and was duly sworn into office.

Even though the Board practised economy to the
fullest extent at the close of the year there remained a
few small bills amounting to \$37.15.

The following is a report of contagious diseases in
the Town during 1932:

Diphtheria	11
Chickenpox	4
Scarlet Fever	4
Whooping Cough	1

Dog Bite	1
Tuberculosis of the Lungs	1
Tuberculosis of Spine	1
Pulmonary Tuberculosis	1
	—
	24

Number of deaths occurring in town during the year, 67

The collection of garbage has been very satisfactorily collected by Joseph Martin, Wing Lane, Acushnet, and we sincerely hope the same arrangement can be continued.

Respectfully submitted,

JOEL P. BRADFORD,
ALEXANDER NEWTON,
CHARLES DIETZ,

Board of Health.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Committee and
Citizens of Acushnet:

I respectfully submit my first annual report as Superintendent of the Acushnet School System.

Since assuming administration duties in July, 1932, many problems have arisen which have demanded particularly close supervision.

The tuition bills payable to the City of New Bedford for High School and Junior High School attendance constitute a very material part of the School Budget. Due to added enrolment of Acushnet students at these educational institutions there has been a corresponding increase in the sum necessary to defray this expense. The amount of money spent this year on this item was not entirely anticipated in the 1932 budget for schools. In round numbers the monetary increase was between eleven and twelve hundred dollars. For tuition purposes to cover registration in New Bedford secondary schools \$10,500.00 was set aside. The actual expenditure was \$11,633.90. The above figures are significant and indicate a necessity for economy measures in other divisions of the Budget. In the fall of 1933 I look forward to a greater increase in enrolment at the Normandin Junior High School and the New Bedford High School. When preparing the Budget for 1933 a reservation of \$12,000.00 for tuitions became imperative. A corresponding increase of \$100.00 in transportation fees was also made expedient. Despite these increases I submit a Budget materially decreased for 1933.

The Vocational School in New Bedford accommodates fifty-five Acushnet day students. Attendance at the evening classes averages forty students. The tuition rate was lowered on November 1, 1932 from \$200. per pupil to \$160 per pupil. As a result of this reduction the appropriation for 1933 will be considerably less than in 1932. The 1932 appropriation called for \$13,359.41. The Budget which I have prepared to cover Vocational School expenditures in 1933 totals \$12,400.00. Thus the exact saving to the Acushnet taxpayers will be \$959.41 on this item.

With the child's opportunity to learn constantly uppermost in mind curtailments in operating expenses were made which gradually offset the outside increase in tuitions. I wish to extend to the members of the Teaching Staff my deepest appreciation for their loyal support and coöperation in fostering the economy which has led to the exact balancing of the 1932 School Budget.

In March, 1932, the annual salaries of Acushnet school teachers was further reduced \$25.00 per individual to take effect on January 2, 1933. In many ways the teaching faculty has, upon its own initiative, greatly aided the poor and needy families of Acushnet. All kinds of clothing have been offered to alleviate the distress of those unfortunately without means of sustenance. At Christmas time the teachers voluntarily donated one week's salary, thus doing away with a possible over-run on the Budget and automatically saving the taxpayers of Acushnet in excess of \$750.00.

I wish to state at this time that the Acushnet School System is functioning smoothly. New ideas in education are constantly being adopted which serve to place Acushnet in the list of truly progressive educational centers.

The Special Class at the Mason W. Burt School is invaluable in caring for pupils whose progress would otherwise be greatly hampered. Fine work is being accomplished at the Marie S. Howard School. The auditorium greatly supplements the effective training received in the classrooms. The Long Plain School very efficiently prepares its children for further education. Student government has been developed in which the pupils themselves conduct their discipline under supervision. Results have been very gratifying. At the Parting Ways School a system of Departmentalized Teaching has been of tremendous value in supporting the learning process. For those who may not understand the meaning of Departmental Teaching I offer this explanation.

A department is set aside for each of the five major subjects, Mathematics, English, Literature, History and Geography. One teacher specializes in one major subject in conjunction with selected minor subjects and surrounds himself with supplementary materials pertaining to them. By changing classrooms at appointed intervals the pupils gain the benefit of the combined experiences of many teachers. This type of educational procedure is an exponent of modern education and greatly aids the child in learning.

For concrete evidence of real results I wish to reveal that a large percent of our 1932 graduates were listed on the Honor Rolls at the Normandin Junior High School and the New Bedford High School.

For financial reasons the School Committee was forced to suspend the services of the Music Supervisor, Mr. Almon Oakes of Milton. I wish to express my sentiment in saying that I consider Mr. Oakes invaluable

to the System. Although music is considered a minor subject by many people I find it has a direct bearing upon the major subjects. The carry-over is tremendous. Values of application, interest and appreciation are germinated through the medium of music which greatly enhance the learning process in other fields. Thus, whenever conditions warrant the action, I would recommend that Mr. Almon Oakes with his accompanying inspiration again be secured.

The kind of work being done by the School Custodians is very creditable and in my mind is very deserving of mention. They have the best interests of the child at heart and do much to provide wholesome, sanitary and clean shelter to the children as they study.

From an administrative viewpoint the Trust Fund Commissioners have greatly aided me in supervising school expenditures. In the Fall of 1932 many new books were purchased which have done much to unify education in the town. Approximately \$300.00 was expended through the courtesy of the Commission. The Acushnet children using these books are highly pleased with them. Late in December the Commission again furnished peastone from the Blue Stone Quarry for the improvement of the walks and playgrounds of the four schools. I thank the members of the Trust Fund Commission for their support during the past year.

In furthering good health in the schools Doctor Bradford and the school nurse, Mrs. Heap, are to be highly commended for their untiring service. I wish to express my thanks for their coöperation.

The Acushnet School Committee has been exceptionally coöperative and helpful in the task of admin-

istering education in the Acushnet School System. In conclusion I offer my sincere appreciation to the School Committee and townspeople for the splendid support given me.

Very respectfully yours,

ALBERT F. FORD,

Superintendent of Schools.

REPORT OF THE ATTENDANCE OFFICER

Mr. Albert F. Ford,
Superintendent of Schools,
Acushnet, Massachusetts.

My Dear Mr. Ford:

I hereby submit my third annual report as attendance officer of the Schools in the Town of Acushnet.

I have investigated twenty cases of absence from school while classes were in session. Non-attendance was due to sickness for the most part while a few had no shoes.

I also investigated ten cases where children had applied for Home Permits. In each case conditions warranted the issuance of the certificates.

Respectfully submitted,

OTTO W. MELZER,

Attendance Officer.

REPORT OF THE SCHOOL NURSE

Mr. Albert F. Ford,
Superintendent of Schools,
Acushnet, Massachusetts.

My Dear Mr. Ford:

Another year has ended and much has been accomplished in school health work.

A total of 229 visits were made during the year to all schools in the town.

Probably the greatest task in the school work is the examining, twice yearly, of about 900 children with the school physician. Defects found as a result of these examinations are as follows:

Teeth	547	Glands	315
Lungs	323	Heart	94
Tonsils	420	Thyroid gland	93

The most of these figures are considerably less than the previous year.

In February a Mental Clinic was conducted with Doctor Woodward of the State Department of Public Health. Fifteen children were examined and found to require a different form of study. Appropriate work was arranged for them in a Special Class.

The Anti-tuberculosis Clinic was held in March and again in April. Thirty-six children were X-rayed at

the first Clinic and examined at the second. Doctor Martin of the State Department of Public Health conducted the Clinic, assisted by a nutritionist and the nurse. The children examined are checked up and advised frequently during the year and re-examined at the Clinics each following year until the child is clear of any sign of the ailment.

Early in September, at a Clinic conducted at the Library, 52 children just entering school were vaccinated. Several were vaccinated later at school.

The names of 83 under-nourished children were given to the Acushnet American Legion who commenced a Milk Fund in May to provide milk daily for them.

Due to the small revenue realized from sale of Xmas seals in 1930, it was only possible to send one child to the Bristol County Summer Health Camp at Attleboro. Considerable interest was shown and good results obtained by teachers and children in the selling of the anti-tuberculosis seals in 1932. It is hoped that two or more children can be sent to the Camp next summer.

The superintendent, teachers, and parents are to be commended for the hearty coöperation given to the doctor and myself, without which, little could be accomplished.

Very respectfully yours,

MARGARET H. HEAP, R. N.,
School Nurse.
