TOWN OF ACUSHNET

Meeting: OCTOBER 15, 2019 - Pauline Texeira Presiding

In attendance: Madelin Gwzodz, Robert Hall, Robert Gilmore and D. Eric Whitlock

Meeting Called to Order at 6:35pm by: Robert Hall, 2nd: D.Eric Whitlock

This Meeting is being audio and video taped.

Motion to Accept September 17 Minutes: D. Whitlock, 2nd: Madeline Gwzodz

OLD BUSINESS:

1. A letter was received from MHC acknowledging that the Perry Hill Church does, in fact, meet the criteria for being placed on the National Historic Register. Funding will now have to be acquired so that a preservationist may be hired to prepare the necessary paperwork that is needed so that we may apply to the Register.
2. At a previous meeting a discussion was held as to what could be done as to cleaning off growth on the various cemetery head stones here in Acushnet. As of yet nothing has been received from the town Fire Chief but after a conversation between Pauline Texeira and Paul Fortin, approval was given.

Eric Whitlock stated that he would purchase a gallon of "Wet It and Forget It" and weather permitting he would start with an application of that product at the Long Plain Cemetery, but only after he has received something in writing for Paul Fortin which would state that approval has been given from the Town. That approved notification would then be presented to the town police department so that there wouldn't be any problems arising in the future.

NEW BUSINESS:

1. Cost for new mileage markers within the Town has been received and will be costing \$20.00 each. Markers number #5, #6, #7, and #9 will be created and installed.
2. A request has been received asking if all of the Town bells can be rung during National Holidays. The bell at the Perry Hill Church can't be included in this request as it is inoperable at this present time. Back on May 21, 2016 when the entire Commission did an inspection of that bell, the circular cast-iron crank that is attached to the bell was found to be broken. Robert Gilmore took several photographs of the bell, bell housing and tower structure. A temporary fix could be made but it wouldn't be in accordance with the above (Old Business - #1.).

Motion to Adjourn: Robert Gilmore 2nd: Madeline Gwzodz

Meeting Adjourned: 6:57pm

Next Meeting: NOVEMBER 19, 2018

Recording Secretary: D. Eric Whitlock
