REPORT OF THE SELECTMEN

To the Citizens of Acushnet:

We, the members of the Board of Selectmen, are pleased to submit herewith our annual report for the year ending December 31, 1960.

The Board, as in 1960, continued to hold its weekly meetings at the Town Hall on Monday evening commencing at 7:00 P.M.

As in past years, in order that we might properly cope with the increasing problems attending the rapid and expansive growth of our community, the Board found it necessary to meet at frequent intervals on many weeks.

Following the Town Elections, the Board on March 9, 1960 reorganized naming Clement St. Amand as Chairman; Mrs. Laura Martel was reappointed Clerk of the Board.

In spite of ever rising costs and the building of a new Junior High School, the town still ended the year in excellent financial condition enjoying an Excess and Deficiency Account figure of \$90,671.70 accomplished by effecting even tighter controls and supervision of departmental spending.

The Board was pleased to have accomplished many noteworthy projects during the year. The widening of the Head of the River Bridge being completed in good time. This has eliminated one of the most serious traffic bottlenecks in the area. This being a Chapter 90 Construction project cost the town nothing with the exception of land taking costs. Acushnet's portion of the cost (25%) was provided from a Federal Grant allocated to States and in turn meted out to the cities and towns.

The widening, reconstruction and installation of surface water drains in Wing Road has added greatly to the accessibility and travel of an area that in inclement weather was virtually impassable. This improvement was effected at a minimum of cost.

Again in 1960 the Board made full use of the provisions of Chapter 90 relative to the construction and maintenance of Highways. The Board petitioned the State Department of Public Works Commissioners to provide \$20,000.00 in Chapter 90 construction money for the widening and reconstruction of Middle Road. Together with the Town and County share (\$10,000.00 each) this account will now total \$80,000.00, a sizable start to a worthy project.

Along with the above mentioned projects, town projects of note were the regrading and resurfacing of Crompton Street, hard surfacing of Allen Street, Boylston Street, Hill Street, all much needed improvements to these areas. The erection of the fence on the Slocum Street bridge has added much to the safety and appearance of the old bridge, and has been a subject of compliment to the Town. This, coupled with general maintenance work, made for a very successful year in Highway work.

Plans too have been made to implement a town meeting vote appointing a Committee to work out the details of a town owned beach on Lake Sreet. The property presently owned by the city of New Bedford has been offered for lease by them on a five year plan at a dollar per year. It is hoped that this will be acceptable to the townspeople.

Plans have been completed and the necessary preliminary work done to bring about the establishment of an Acushnet Branch of the New Bedford Post Office. This announcement was made by Congressman Hastings Keith and Senator Leverett Saltonstall. Congressman Keith has been particularly effective in pleading our cause to Postal Officials and the town owes him a vote of thanks for his efforts.

1960 saw the town celebrate its 100th Anniversary, a centennial celebration to be long remembered we are sure. The appointments of Richard H. Barry, Elliot C. Taber, Walter Owen, Robert LeBlanc and Miss Caroline Gilmore proved to be excellent choices. There seemed to be engendered amongst the townspeople a new feeling of togetherness, many of us met neighbors we did not know we had. Many of the townspeople have indicated a desire to continue holding a yearly celebration in conjunction with a July 4th celebration. To these ends the town plans to work. Although adequately steered and guided by the Committee appointed, the success of the celebration can only be attributed to the wonderful cooperation and participation by the townspeople.

Various other improvements and accomplishments, too numerous to mention, could here be noted. However, the Board in concluding this, its annual report, wishes to thank each and every resident of the town of Acushnet for the effort, support and encouragement which they have unselfishly given to our Board in trying to achieve our mutual end, better town government. We, of the Board, acknowledge with humility and pride, that it was only with the support and help of our residents that the aforementioned achievements of this Board were realized.

The Board herewith acknowledges also the cooperation and assistance of the town Departments. It was somewhat gratifying again to see that Departments, for the most part, operated within their respective budgets.

Respectfully submitted,

CLEMENT ST. AMAND, JR.

REPORT OF THE BUREAU OF OLD AGE ASSISTANCE

There were 99 cases receiving Old Age Assistance during the year. Of this amount 65 were Acushnet settled, 19 had settlements in other cities and towns, and 15 cases were State settled.

A new program entitled "Medical Assistance for the Aged" has been enacted and became effective on October 1, 1960. The Act prohibits the granting of Old Age Assistance for those persons in Nursing Homes, Chronic Hospitals, and Public Medical Institutions. Consequently, 10 recipients of Old Age Assistance who were in need of Nursing Home care were transferred to the new category of assistance.

REPORT OF CIVILIAN DEFENSE

To the Citizens of the Town of Acushnet:

This year it's "Hat's off!" to the Acushnet Auxiliary Police, which was founded on August 12, 1957. Rain or shine, they are ready to serve the citizens of Acushnet. Every Sunday morning the men are on duty at your local church. They are prepared to answer the call of any emergency which may arise. A very good example is the excellent job that the men did during the hurricane. They are also to be commended for the good work done during Centennial Week. In addition to this, the men did a great job at their Civilian Headquarters, which was once the Old Town Barn.

For the year of 1960 the Acushnet Auxiliary Police has put in a total of 1915 (one thousand nine hundred fifteen) hours. Since 1957 to the year 1960 the men have put in a total of 5814½ (five thousand eight hundred fourteen and one-half) hours. That's a job well done!

REPORT OF THE ACUSHNET CENTENNIAL STEERING COMMITTEE

To the Townspeople of Acushnet:

Acting by authority of the Acushnet selectmen, the five member Centennial Steering Committee drew up a series of proposed events, investigated similar activities conducted in the past by other towns, and explored possible dates. The committee's recommendations were approved at the second public meeting held in the Acushnet Town Hall on October 7, 1959. The committee was voted authority to appoint chairmen for the various proposed activities, and to assign the funds needed for each.

The members of the Centennial Steering Committee unanimously chose Mr. Richard H. Barry to serve as chairman, and Miss Caroline R. Gilmore as General Secretary. Mr. Elliott R. Taber served in general planning and research, Mr. Robert M. LeBlanc took charge of parades, and Mr. Walter E. Owen became Advisory Chairman of the Arts and Crafts Week, planner and editor of the Centennial Book.

The first meeting of the Steering Committee was held on Sunday, September 18, 1959, and was followed by twenty-one other meetings concerned with centennial business. Twenty-four special events were planned and carried through during our centennial year of 1960. These events, successful and well attended, were as follows:

Monday, March 14—Founders' Day. Flag raising ceremony. Student Government Day. Founders' Day Proclamation and program at Town Hall.

Sunday - Saturday, May 22 - 28—Arts and Crafts Week at

Acushnet Grange No. 285 Pavilion. First major Arts and Crafts show in Acushnet history. Oils, watercolors (70), and over 20 crafts.

Sunday, July 3—Special Church Services. 1 P.M.—Clambakes Acushnet Grange and Gaudette's Pavilion. 8 P.M.—Miss Acushnet Centennial pageant at Gaudette's Pavilion. Choosing of her court.

Monday, July 4—9:30 A.M.—Patriotic Parade. 6-8 P.M.—Historical Pageant, Pope Park. 8-10 P.M.—Block Dance, South Main and Jean Streets; Square Dance, Main Street at Parting Ways.

Tuesday, July 5—9:30 A.M.-5:30 P.M.—Children's Field Day at Pope Park. 6-10 P.M.—Frolic Night at Pope Park. Skill in oldtime games featured. 7:30 P.M.—Beard judging, followed by old-fashion square dance at American Legion Hall.

Wednesday, July 6—10 A.M.-5 P.M.—Pageant of Progress in Agriculture at Pope Park spanning 100 years (Agricade) 1 P.M.-5 P.M.—Horse Show, Western Style.

Thursday, July 7—Held open for rained out events.

Friday, July 8—9:30 A.M.-3:30 P.M.—Selectmen's Day. 7:30 P.M.—Horribles Parade.

Saturday, July 9—10:30 A.M.-3:30 P.M.—Buzzie Potts Ring Day at Pope Park. Model circus exhibits. 5:30-7:30 P.M.—Centennial Banquet at Gaudette's Pavilion followed by Centennial Ball until 12 midnight.

Sunday, July 10—Special Church Services. 2-4 P.M.—General Parade. 8-10 P.M.—Band Concert at Pope Park. 10 P.M.—Bonfire at Pope Park ending the week-long celebration.

Thursday, November 10—Town Clerk Allan L. Rawcliffe officially witnessed (5:30 P.M.) filling of Centennial Time Capsule prior to sealing.

Sunday, November 27—2 P.M., Russell Memorial Library—
Acushnet Centennial Time Capsule Dedication.

It was most gratifying to have exceptionally fair weather throughout our events. The reserved Thursday for rained out programs was not utilized.

The Selectmen during the spring of 1960 transferred \$200.00 and added it to the original Centennial Fund of \$5,000.00 voted by the Town, making a total working capital of \$5,200.00. This cost to the townspeople is broken down as follows:

Various committees also received cash and material gifts from civic minded Acushnet and greater Acushnet individuals and companies. These gifts made it possible for us to have better planned events, and were greatly appreciated by everyone. The major gift was the underwriting of the Centennial Book by the White's Farm Dairy as its contribution to the Town's celebration.

The Steering Committee thanks the chairmen who worked so hard and so well to make the centennial festivities a success. The Selectmen for their co-operation, advice and judgment. The townspeople — men, women, and children alike — who joined in so enthusiastically and made our work very pleasant. Our churches, schools, Protective Departments—the Police, Fire, and Civilian Defense—American Legion, Veterans of Foreign Wars, Lions Club, Acushnet Grange No. 285, Boy and Girl Scouts, town officials and clerks, and our benefactors.

It has been a privilege and a pleasure to serve our Town in its 100th Anniversary year of incorporation. May we, as a community, continue to work together, plan together, and preserve our American Heritage for future generations.

Centennially yours,

RICHARD H. BARRY, Chairman
(Miss) CAROLINE R. GILMORE,
Secretary

REPORT OF THE TREASURER - COLLECTOR

Acushnet enjoyed a very wonderful centennial year—1960. The numerous events were well planned and executed and all who participated in the program are to be congratulated.

It is also fitting to acknowledge and note that Acushnet, in this centennial year, for the fifteenth consecutive time, closed its books with all taxes cleared. The strong fiscal financial position has enabled the town to operate without borrowing for the last seventeen years. These are wonderful tributes to the inhabitants and taxpayers of the town for it indicates a strong desire to recognize and meet our fiscal responsibilities.

The following is a report of the latest audit by the Division of Accounts:

“December 31, 1960

This is to certify that the books and accounts of the town of Acushnet were audited by the Bureau of Accounts, Department of Corporations and Taxation, as of September 6, 1960, at which time they were found to be correct with all funds properly accounted for.

A detailed report of the audit will be forwarded as soon as possible.

REPORT OF TRUSTEES OF RUSSELL MEMORIAL LIBRARY

To the Officers and Townspeople of Acushnet:

We, the Board of Trustees of your Russell Memorial Library, deem it a privilege to have served you during our Town's Centennial Year of Incorporation.

The past year has had its changes and its accomplishments. The major physical change during 1960 was the replacement of the reading room lights with modern fluorescent fixtures.

There are a number of cement floors remaining in halls, corridors, and small rooms throughout the library which should be adequately covered. This will be a major project for 1961, along with the regular maintenance work.

The personnel at present consists of Mrs. Olive Gifford, Acting Librarian, and Mrs. Olive Vincent, Assistant. Many changes are being put into effect which we feel will make for greater efficiency in the operation of the library.

From the several suggested sites for the home of the Centennial Time Capsule, the Steering Committee chose the Russell Memorial Library grounds. We regarded this as a great honor, and were very pleased to grant permission for this memorial dedicated to our townspeople of the year 2060.

As we start on our second century of progress as a town, may we point out that a library plays an important part in a community's progress and culture. It is YOUR library, serving YOUR needs—please take advantage of its many services.

As previously stated, the Trustees are always grateful for suggestions whereby improvements in the library can be made.

Library hours are:

Tuesdays and Saturdays 2:00 to 5:00 P.M.

Thursdays 2:30 to 5:00 P.M. and 6:00 to 8:30 P.M.

Respectfully submitted,

FRANCES E. GIFFORD

REPORT OF THE BOARD OF HEALTH

To the Officers and the Residents
of the Town of Acushnet:

The Board of Health respectfully submits the following report for the year 1960:

Immediately following the election the newly elected member, Sylvano Frates, was sworn into office by the Town Clerk.

At the first regular meeting the Board organized as follows:

Chairman—Sylvano Frates

Secretary—Louise F. Taber

Agent and Inspector of Licenses—Joseph H. Lepage

During the past year we had one patient at the Bristol County Tuberculosis Hospital for part of the year. No premature births received aid from the town for the year.

Dental Clinic was conducted throughout the year with 19 clinics held. 79 children attended the clinic. Total charges were \$1,036.00 with \$194.00 credited for payment by the children, leaving the net cost to the Board of Health of \$842.00. There were 62 examinations; 190 fillings; 24 extractions; 4 X-rays; 45 prophylaxis; and 58 treatments.

The Well Baby Clinic was held on the first Wednesday of each month with the exception of July and August 1960 with a total of 246 children attending. A total of 50 vaccinations; 82 triple vaccine and 4 double vaccine shots were given.

Polio clinics were held at the same time as the Well Baby

Clinic and also extra clinics were held during the polio season. A total of 2428 polio immunization shots have been given during the year. Fifth polio shots were offered to all the school population during October 1960.

Thanking everyone for their cooperation during the year we present the following statistical report:

SUPERINTENDENT'S REPORT — 1960

The annual report submitted here is the twenty-ninth in a consecutive series released by the writer.

The School Committee held bi-weekly meetings throughout the year. In March, 1960 William Fawcett, Jr. was designated Chairman of the Board for the ensuing year.

It is noteworthy that during this Centennial year the new Acushnet Junior High School was initially occupied on September 7th. During a subsequent open house held on Sunday afternoon, November 27th, from four to eight o'clock, an estimated 1100 visitors inspected the premises. The great majority of these people were favorably impressed with the new school plant and expressed their enthusiastic praise of the modern equipment and practical construction encompassed in the building.

Two years will have elapsed on April 9, 1961 since the favorable vote of the town authorizing the construction and equipping of the new Junior High School. On April 9, 1959 the town made available to the School Building Committee a total appropriation of \$575,827. The School Building Committee membership tentatively accepted the new building on July 28, 1960. This action established the beginning of the full year of warranty which will expire on July 28, 1961.

The School Building Committee membership concedes that it will remain well within its allocated appropriation and that a balance will remain at the time that the new school will be officially turned over to the School Committee. It is customary for a Building Committee to actively pursue its assignment until the year of warranty has expired. The Building Committee has retained a large segment of its committed funds until it is

satisfied that both goods and services have been rendered in an acceptable manner. At the time of this writing many back-orders persist and much work remains to be completed within the building and in site development.

It is altogether proper to recognize the diligent efforts of Architect I. T. Almy of Fall River, Olson & Appleby, Inc., General Contractor of New Bedford, and the Eastern Tree and Landscape Corp. of Dedham who graded and seeded the athletic area.

Impact of a Rising Enrollment

As late as September 1st, the School Committee assumed that three single grades would suffice at each grade level through grade eight and that two ninth grades would be adequate at that level. This assumption discounted the use of twenty-six classroom teachers. However, with the opening of school, it became obvious that a third ninth grade instructor would be required.

The first grade enrollment increased so sharply that a fourth teacher had to be engaged to instruct an overflow first grade in the Parting Ways School. In this manner the total teaching staff became twenty-eight. On October 1, 1959 the local public school enrollment stood at 684. On October 1, 1960 this number had spiraled to 768. This is the sharpest increase in enrollment that has ever been previously experienced in the span of one year. Note the distribution of pupils as set out in the age and grade chart.

All things being equal, it is the number of pupils to be educated that governs the need for funds for school support. As increasing numbers appear at all grade levels, the appropriation for schools must advance in proportion to this trend.

In an effort to stem in part this rising trend among prospective first grade enrollees, the School Committee voted

that a pupil must be six years old on or before January 1st of the school year in order to qualify for admission. This is a sound policy which is supported among the communities of Greater New Bedford.

It has been my experience that a first grade enrollee who is six years old upon entering school is more apt to possess the maturity to continue his educational progress without interruption from grade to grade.

Transportation of School Pupils

The new pattern of school attendance called for the assignment of all fifth and sixth grade pupils to the Parting Ways School. Most of these pupils had to be provided with bus transportation. With all seventh, eighth and ninth grade students having to seek means of reaching the new Junior High School on upper Middle Road, it is easy to note the nature of the school bus problem.

Including transportation accommodations for a large number of resident children attending schools outside the town limits, over one thousand pupils are transported daily to and from their assigned school buildings. The School Committee found it essential to increase its contract school bus fleet from four to nine units. A large proportion of these transportation services are provided by the Midway Bus Company.

Toward the year end the Union Street Railway Company of New Bedford was augmenting the transportation of some 150 Acushnet pupils to and from destinations outside the town. Many of these school students attend the New Bedford High School. Early in December the Union Street Railway Company bus drivers went out on a strike.

With nothing to indicate an early settlement of this strike, the School Committee voted emergency measures which crystallized into an agreement with the Midway Bus Company to provide three additional busses to assist students in reaching

respective schools. This emergency agreement will prevail to the end of school classes in June, 1961.

Although the investment in transportation services has increased sharply, state aid under a Chapter 71 formula will meet most of the additional costs. All expenditures for school transportation in excess of \$5.00 per school year for each pupil transported not less than one and one-half miles to and from his assigned school building are reimbursed by the State. It is estimated that school transportation costs will reach \$41,000 for calendar 1961 and that reimbursements will total \$29,000.

Operating Costs at the New Junior High School

In order to provide a proper premise for assessing operating costs at the new Junior High School, it is essential to define the nature of these costs. It is to be noted that the new school consists of 36,000 square feet of space. The combined square footage of the four elementary schools is estimated at 24,000. This is significant. Augmented programming in the new Junior High School encompasses features not found in the elementary schools. Spaces are provided for the school lunch program, physical education in the gymnasium and shower and locker rooms, cooking and sewing in the home economics area, science room facilities, guidance services, and the woodworking shop for manual arts. A library and music room facilities complete the supplementary spaces not found in the elementary schools.

The professional staff does not include specialists at this time. Therefore the cost of teachers' salaries should not be included in operating costs at the new school because the services of the teachers would be required wherever the students were housed.

The following outline will itemize and define the nature of operating costs in the new Junior High School:

| Services | Probable Cost for One Full Year |
|---------------------------|--|
| Two school custodians | \$7,370.00 |
| Heavy fuel oil for boiler | 4,500.00 |
| Power | 2,100.00 |
| Building supplies | 760.00 |
| Telephones | 390.00 |
| Liquefied Propane gas | 280.00 |
| | <hr/> |
| | \$15,400.00 |

The New School Cafeteria

Under the sponsorship of the Federal Office of School Lunch Programs, 600 Washington Street, Boston, the School Committee entered into an agreement which culminated in the opening of the Junior High School Cafeteria on October 10, 1960. The percentage of users among the 235 students enrolled is unusually high. Over 200 students are served meals during each school day. A complete meal is served to each student for 25¢. This includes one bottle of milk for a net of 2¢.

The Office of School Lunch Programs reimburses 9¢ on each meal. The reimbursement for each bottle of milk purchased by students bringing their lunches to school totals 4¢. To get the program started the School Committee provided \$1,753.35 for labor services and the purchase of staples. The operation of the school cafeteria became self-sufficient on November 21, 1960. Federal reimbursements and receipts from users are deposited with the town treasurer and credited to a revolving school lunch account.

Mrs. Harkins is the school cafeteria manager, Mrs. Ronan and Mrs. Baird serve as school cafeteria helpers. These three competent cafeteria employees are rendering an exemplary service in that the school lunch program is operating in the

black. The meals are nutritional and are cooked and served nicely. Because the program has become self-sufficient, there is no need to budget funds for this purpose in 1961.

School Support — Intown vs. Out of Town

Your attention is once again drawn to the pupil distribution chart, which is a part of this report and shows attendance in secondary schools located outside the town. Note 41 seniors at the New Bedford High School. Note further that there are 78 ninth graders in the Junior High School who will be contemplating enrollment in the New Bedford High School in September, 1961. As the seniors graduate and much larger numbers join the High School rolls in September the total tuition bill will again advance

The 1961 budget is set at 291,564.00. Of this sum \$75,000 will be expended for out of town school support including tuition and transportation. This will leave an estimated \$216,564.00 for local school support. In terms of per pupil costs for calendar 1961 this will provide \$277 per pupil. This will compare favorably with an average per pupil cost of \$370 in the State of Massachusetts.

Total estimated receipts, within the framework of a budget for school support, will be over \$10,000 higher than in 1960. It is anticipated that these receipts will total \$85,391.46.

Note 17 seniors at the New Bedford Vocational High School. Potential entering class in the fall will be 35 students. Hence, the total enrollment in the Vocational High School will approach 120 in September, 1961.

Budget for Vocational Education — 1960

| | | |
|----------------------|-------------|----------------|
| | Expended | Budgeted |
| | 1960 | 1961 |
| Tuition and Trans. | \$46,749.06 | \$52,500.00 |

| Net cost for | | Estimated Aid— |
| Vocational Education | 31,961.29 | 1961 20,000.00 |

Although \$52,500 is allocated to Vocational Education in 1961, the added provision for these purposes will be largely offset by an increase in estimated revenue.

The establishing of single grades throughout the school system and the elimination of dual sessions has had a pronounced influence for the better among local public school children. It is a pleasure to recognize the productive enterprise of 19 elementary school teachers and 9 Junior High School

instructors. They are performing a creditable professional service.

The diligent and persistent efforts of all the non-teaching school department employees are appreciated.

May I pay my respects to the School Committee and the membership of the School Building Committee. These public officials are facing their respective challenges squarely and effectively.

School administration will indeed become increasingly complex as the community grows.

Respectfully yours,

ALBERT F. FORD,
Superintendent of Schools

January 16, 1961

We have this day voted to accept the foregoing report as the annual report of the School Committee for the year ending December 31, 1960.

Regular meetings of the School Committee are held on alternate Monday evenings in the new Acushnet Junior High School at 7:00 o'clock.

REPORT OF THE SCHOOL PHYSICIAN AND NURSE

Acushnet, Massachusetts

January 23, 1961

To the Members of the School Committee,
The Superintendent, Teachers, and
Residents of the Town of Acushnet:

We (the School Physician and Nurse) respectfully submit for your consideration this report of factual data concerning our work in the year 1960.

Physical examinations were given to 558 children, 135 of whom had their parents present. These examinations revealed the following conditions:

| | |
|----------------------------|-----|
| Dental defects | 133 |
| Emotional imbalance | 2 |
| Nutritional conditions | 2 |
| Eye conditions | 2 |
| Ear defects | 58 |
| Nose and Throat conditions | 93 |
| Cardiac conditions | 6 |
| Postural defects | 49 |
| Foot conditions | 35 |
| Miscellaneous | 11 |

Ninety-nine of these were referred to their family physician for treatment.

The Massachusetts Vision Examination was given to 1418 pupils, of which 150 pupils failed. These were advised to seek treatment thereof.

The Massachusetts Pure-Tone Audiometer Test for Hearing was administered to 199 pupils, 14 of whom demonstrated some defect for which they were advised treatment.

During the summer, 123 children underwent physical examinations prior to entering school. This done in the presence of their parents at the time of registration for school.

During the year, the Nurse made 233 visits to homes concerning problems of school children.

At the Clinic, which is held in the Library on the first Wednesday of each month, we—

- a. Attended to 246 children
- b. Performed 50 vaccinations against Small-pox.
- c. Inoculated 82 children against Diphtheria, Pertussis and Tetanus.
- d. Inoculated 4 children against Diphtheria and Tetanus.
- e. Administered many "Polio" shots of Salk Vaccine, the number of which is included in our "Polio" statement.

In our "Polio" Program, we have offered injections of Salk Vaccine against Poliomyelitis (Infantile Paralysis) gratis to all residents of the town. This program was well attended so that we were able to administer 2428 inoculations during the year.

This, in brief, is an outline of some of our work during the past year; and as you can see, if compared with reports of a few years ago, the work-load has increased immensely so that we have been happy to have the able assistance this year of Mrs. Lois Pinchbeck, R.N. We have all been happy in our work, have found it interesting and pleasant, and enjoy being

of service to the community. We enjoyed immensely the comradeship and co-operation of the Students, the Parents, the School Committee, the Superintendent, and Teachers.

Respectfully submitted,

WILLIAM A. JEFFREY,
School Physician

KATHERINE H. CHURCH, R.N.
